

# Polycarbonate ext. sheet / *clear*

Polycarbonate (PC) has a highly smooth finish with film protection to both surfaces. Stocked in a comprehensive range of sizes and thicknesses PC is easy to fabricate, boasts excellent thermal performance at both low and high temperatures whilst remaining virtually unbreakable in normal use. UV grade PC is available on application. Typical uses include machine guards, glazing, advertising panels, safety visors etc.

All products are ex-stock unless in grey, availability on application  
UV Protected + 7%

# Polycarbonate ext. sheet / *hard coat*

Hard coat PC, whilst maintaining its highly smooth finish (film protection to both surfaces), this silicon coated PC effectively resists scratches. Hard coat PC boasts improved weather and chemical resistance over our standard PC. Typically used as safety glazing and where vandalism remains a concern.
