people and products you can rely

Welcome to Oadby Plastics Ltd

History

Established in 1969

Throughout the years we have developed our people, products and facilities to become the UK's leading independent plastics supplier.

Over the past six decades we have looked to progressively improve our products and services. Our business continues to invest in an expanding branch network, currently we operate with over 225,000 sq. ft. dedicated to products and services.

Stockholding

High quality products

With over 2000 tonnes of stock availability, we are committed to offering our customers a comprehensive service that can be relied on.

All our materials are sourced from our long term European manufactures to provide high quality and consistent products time after time. Our comprehensive range of PVC foam sheets are produced specifically for the print industry.

An outstanding lightweight material

Optimum quality ———

With white and eight standard colours available, our comprehensive range of PVC foam is perfect for digital, UV and screen printing, along with vinyl graphics, engraving, cutting, routing, bending, shaping and bonding.

Offering a light weight, cost effective material which showcases all the key characteristics perfect for any form of printing.

For sample requests or further information, please contact our friendly sales team.

Benefits at a glance ———

High quality, cost effective material

- Light weight
- Flawless surface
- Cost effective
- Easily processed
- Self-extinguishing material

A comprehensive range

Ultra range —————

Light weight free-foamed PVC material

Outstanding quality, lightweight, free-foamed material that is easily printed on by any printing technique.

- High quality surface
- Strong, durable rigid sheet
- Enhanced UV protection

Our ultra range offers excellent sound and heat isolation properties and can be used for indoor and outdoor purposes.

Extended range —————

Range overview

Our ultra range is the most popular material due to quality vs cost comparison. We also offer other ranges to suit all requirements.

- Easy use range
- Base colour range
- Premium range

For more information and a comparison of our ranges , please contact our friendly sales team or visit our website | www.oadbyplastics.co.uk

High quality material for an exceptional finish

Exceptional finish —————

Bright white range

Our bright white sheets provide a perfect surface for noticeably brighter and truer print finish and therefore achieving optimum print clarity of the highest quality.

Standard colour range

A choice of eight standard colours are available on application. With a quick turnaround, we ensure you receive your material fast and efficiently.

Applications —————

Advertising industry

- Screen, digital and UV printing
- Exhibition stands and displays
- Signs (ceilings / walls)
- Vinyl labelling and laminating

Also used for industrial and construction applications. For further information please contact our friendly sales team.
