## APPENDIX B ENVIRONMENTAL POLICY

Oadby Plastics Ltd is committed to leading the industry in minimising the impact of its activities on the environment whilst operating in a sustainable manner.

We are therefore committed to reducing our environmental impact and continually improving our environmental performance as an integral and fundamental part of our business strategy and operating methods.

It is our priority to encourage our customers, suppliers and all business associates to do the same. Not only is this sound commercial sense for all; it is also a matter of delivering on our duty of care towards future generations.

### Our policy is to:

- Wholly support and comply with or exceed the requirements of current environmental legislation and codes of practice.
- Ensure that all employees work in a healthy and safe environment.
- Minimize our waste during processing by ensuring our operations are as efficient as possible.
- Minimize energy and water usage in our buildings, vehicles and processes in order to conserve supplies, and minimize our consumption of natural resources, especially where they are non-renewable.
- Apply the principles of continuous improvement in respect of air, water, noise and light pollution from our premises and reduce any impacts from our operations on the environment and local community.

people and products you can rely on

- As far as possible purchase and promote products and services that minimize the environment impact of both production and distribution.
- Where possible offer material made from up to 100% recycled materials.
- Actively promote recycling both internally and amongst our customers and suppliers.
- Assess the environmental impact of any new processes or products we intend to introduce in advance.
- Ensure that all employees understand our environmental policy and conform to the high standards it requires.
- Review our Environmental Policy periodically in consultation with staff, associates and customers.
