

people and products **you can rely on**

Our Core Products

What's Best For Your Business

Our dedicated business development team is here to provide expert solutions for any enquiries you may have.

“Offering a dedicated business development team with the time, energy and expertise to **listen, advise and deliver**”

Our Product Range

With over 225,000 sq. ft. of stock holding capacity, we stock one of the largest ranges of semi-finished plastics, catering for all your requirements.

Our Machining Facilities

We offer a full range of services including:

- CNC Routing
- CNC Cutting
- CNC Milling
- CNC Turning
- Billeting
- Grinding
- Planing

Our Delivery Service

With branches located nationwide, we can offer a next day delivery service anywhere in the UK, ensuring your goods are delivered exactly where and when you need them.
